**DETAILED ACTION**

***Allowable Subject Matter***

Claims 1-4 are allowed.

The following is an examiner's statement of reasons for allowance: regarding claims 1 and 4, the examiner agrees with the arguments by the applicant that the prior art does not teach or suggest all the limitation of the claimed invention including a lighting fixture where the front cavity contains only the translucent front plat and a translucent front plate having an edge notch which accommodates a part of the material forming the recessed body when the material is injected around the translucent front plate. Claims 2 and 3 are allowed because of its dependency upon claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John A. Ward whose telephone number is 571-272-2386. The examiner can normally be reached on Monday - Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jong (James) Lee can be reached on 571-272-7044. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
